## EASTERN CITIES WILL TAKE CARE OF NEGRO SOLDIERS

New York, Nov. 23.—The three companies of negro troops discharged from the United States Army by order of President Roosevelt will be taken to Chicago, Philadelphia and New York, according to a plan announced in this city today. The movement is said to have been started by some of the citizens of the three cities.

According to this plan the negroes will be clothed and cared for by the committees selected for the purpose and plans have been so arranged that any citizen who is interested in the case and who desires to hear the blacks' side of the history will have access to the men.

How long the negroes will be held together in this company formation has not as yet been decided, but pains will be taken to see that not a single former noncommissioned officer or private suffers for lack of food, lodging and eventually, employment.

At present the negroes are at Fort Reno, Okla.

at Fort Reno, saying that the order for the discharge of the negro troops under the President's original order had been received and was being executed.

He said the men were being mustered out at the rate of twenty-five a day, and that the mustering out would be completed by Monday.

### Cumberland Services.

The Rev. J. H. Meyers, of Shawnee, Oklahoma, will hold services for the Cumberland Presbyterians Sunday, Nov. 25th. All members of the church urged to be present, and others are cordially invited.

### Brick Plant to Start Up.

The brick plant will start up again Monday under new management of A. Vogt, formerly of St. Louis, Mo.

The company at present will confine their enterprise to the manufacture of pressed brick, but later may put out ornamental and glazed brick and salt glazed vitrified sewer pipe.

## SOME IMPORTANT ACTION BY BAR ASSOCIATION

Some important business was transacted Thursday afternoon by the Ada Bar Association, which met in the offices of Crawford & Bolen.

J. W. Bolen having resigned as president, an election of new officers resulted in the choice of W. C. Edwards for president and James E. Webb for secretary.

There followed an interesting discussion of the congested condition of court dockets at the approach of statehood, participated in by J. W. Bolen, C. O. Barton, H. C. Thompson, A. M. Croxton, J. E. Grigsby, W. C. Edwards and W. G. Currie. It was decided to memorialize congress urging that U. S. courts be continued in existence at the present court towns in the Eastern District of Oklahoma until all criminal cases now pending on the respective dockets shall have been finally disposed of.

To draft such memorial a committee was appointed, composed of W. G. Currie, C. O. Barton and J. W. Bolen.

A committee consisting of I. M. King, L. D. Ratliff, A. M. Croxton, Duke Stone and J. F. McKeel was selected to prepare and submit to the association a schedule of fees.

The subject of new county boundaries was pertinently discussed at some length. H. C. Thompson, B. H. Epperson, J. E. Grigsby, C. H. Ennis and J. P. Wood were charged with the duty of preparing a tentative map showing county boundary lines suitable for this section; such map to be forwarded, together with a memorial, to Carlton Weaver, our delegate in the constitutional convention.

Adjournment was taken to November 30th, to meet at the offices of King & Currie and receive reports from all the committees.

## MANDAMUS BIXBY TO GET ON CHOCTAW ROLLS

A writ of mandamus has been applied for by John T. Pickens and others against Commissioner Tams Bixby for the purpose of compelling him to place their names upon the Indian rolls of the Choctaw Nation.

While but seventy-five people are represented in this specific case the decision when rendered will affect the rights of 3000.

The writ is sought on the grounds that the creation of the Choctaw citizenship court by congress was unconstitutional.

Pickens and others were ordered enrolled by the United States court in

the Indian Territory. The citizenship court denied their rights as Indians. The Daws Commission, acting under the provisions of the law, upheld the decision of the Choctaw court. Congress had previously enacted that the decree of the United States court should be final. Upon this Pickens based his claims to citizenship.

If ordered enrolled each person will receive 320 acres of land of the Choctaw nation besides equal participation in the tribal funds. Each individual tract is valued commercially at \$5000. The case comes up for trial November 26th. J. G. Ralls is attorney for the applicants.—Muskogee Phoenix.

## TRIMMING COMMITTEES FOR EFFECTIVE WORK

Guthrie, Ok., Nov. 23.—The constitutional convention sat yesterday as a committee of the whole to consider the report of the committee to name the standing committees. The committee's report was adopted with the addition of committees on geological surveys, oil and gas, impeachment and removal from office, loans, trust and guaranty companies, insurance, public debt and public works, and public health, sanitation, practice of medicine and practice of pharmacy. Minor amendments were also made.

As a committee of the whole each committee was considered separately with a view of reducing the working machinery to an advantageous basis. It was proposed to eliminate the committee on crime and punishment, as the only crime against the state is that of treason, which would be amply covered in the constitution without unnecessary interest at this time. The committee was opposed to limiting the matter, for it was announced there was already a growing sentiment to abolish capital punishment and against working convicts on the public roads.

"There are also those," insisted Mr. Kornigay of Vinita, "who believe it is a shame for a public official to have a pocketful of railroad passes." This sentiment evoked a demonstration of approval, which clinched the matter, and the committee report stood.

When the committee on compilation and arrangement was reached it was proposed to enlarge its functions by giving it authority to revise and amend the style, as well as compile and arrange the constitution.

To this Mr. Baker of Wewoka objected, quoting from the experience of some Oklahoma legislatures where one thing had been enacted and "revised"

into another. He was wholly opposed to referring action upon the constitution to any set of men, unless the convention could have the final approval of it. He did not question the motives of any member, but for the insertion of cunning and crafty phrases intended to mean one thing but fully meaning another in order to make it "harmonize," was a contingency to be guarded against. Considerable discussion followed, the result being to give the committee authority to revise, compile, arrange and set the style of the constitution, all to be reported to the convention for final action.

Mr. Baker also wanted a specific committee on "trusts, monopolies and combinations in restraint of trade," but was defeated when shown other committees named had ample authority to handle such matters.

The convention after adopting the work of the committee on the whole refused to declare itself in favor of the initiative and referendum on the motion of Mr. Herring of Elk City, as matters of this character are to come up in their regular order. It was officially announced, however, that such election system would be adopted.

It is doubtful if the convention will reach perfect working order until the last of the week or the first of the week following.

Adjournment will be taken next Wednesday for Thanksgiving until Monday, Dec. 3, according to the present program.

President Murray will not announce his committee appointments until some time next week.

## CHARGED WITH POISENING AND TORTURING FAMILY

Durant, Nov. 23.—If half what is being told is true there is going to be some very convincing evidence against Tom Tate, the alleged murderer and childbeater, when his case is called today in Commissioner Elting's court in this city. Tate was arrested by Marshal Sexton Nov. 11, and was jailed awaiting the gathering up of witnesses.

Tate is charged with one of the most heinous crimes in the annals of the Indian Territory, which is alleged to have been committed southeast of Colbert on Red river within the past three months. His father and mother, his wife's mother and little sister have died since July and it is asserted that Tate is the cause of their death, in that he gave them medicine that ended their lives. This may or may not be true, and it will require the court's investigation to show his guilt or innocence.

Tate is charged with another crime equally as brutal. There are four little sisters and two little brothers of Mrs. Tate living with them, or were living with them up to a few days ago. He is said to have whipped, beaten, clubbed and stomped them most unmercifully, compelling them to sleep in a dugout. The little ones show marks of the most inhuman treatment, their flesh being lacerated and bruised.

Hearing of the crime of child brutality, Lee Gray and G. T. Black, of Sterrett, investigated the matter. They went to Tate a few days before his arrest and asked for the children. Tate told them he would give them up if the children were taken away immediately.

The children are now enjoying good homes with Black and Gray at Sterrett.

## BARTON ON THE FRANCHISE

Editor of the Ada News:

Permit me, after first assuring you of the high esteem I have for your paper as a most commendable public enterprise maintained perhaps at some sacrifice on the part of its proprietors, to take issue with your editorials of Tuesday, Wednesday and Thursday anent the gas franchise. Have you carefully considered the four respective propositions? Do you know that none of them contain a clause making it obligatory on the part of the applicants to begin or complete the sinking of a well or wells on or before any fixed or definite period or to forfeit to the city any sum of money if they fail to do so and that the city has no guarantee to that effect?

It is true the grantees would forfeit their franchise if they failed to sink wells within the periods named, varying in the four applications from four to six months respectively, but in the meantime the city is tied and the grantee is free. Did you ever hear of an oil or mineral lease so one-sided?

Mr. Editor, the two alderman who opposed the grant last Tuesday are as anxious as you are to see the wells sunk, and speedily, but they oppose a unilateral contract. The proposing grantees,

we think, know or ought to know whether or not they are going to sink wells, and we think that if they do intend they should not object to giving the city some kind of a guarantee and that if they do not intend to do so they ought not to have an exclusive franchise.

In yesterday's News you poked a little fun at me for trying to put in force the principle of referendum. I presume you meant initiative. Yes, I may be an "early bird" as you call me, but a former council put the herd law proposition before the people and it was voted upon. There is a notice being published in your paper for an election on the 15th of December and it would not have cost the city a cent to have had the franchise voted on at the same time. I said nothing about the city prospecting for gas or expending any money along those lines.

There was a law for a primary election for senator in Tennessee, but the people held such an election and Bob Taylor's opponent considered it binding.

I am glad you criticize our proceedings. I wish you had commenced earlier. I aided and abetted by my colleague and other members of the council, have been trying in season and out of season to carry out another plank of the democratic platform of our delegate, prematurely. We have been trying to regulate our railroads and other corporations. We have for eight months been trying to get the Katy railroad to put another crossing in for the farmers living east of their road and to induce or compel them and the Frisco to erect and maintain lights on their crossings; but only four months of our terms remain and we have not yet succeeded.

I presume we have therein, also, been "early birds."

If the Board of Trade will take up this matter and bring up by a committee, as fair a contract as they procured from the cement people and present to the council, I will gladly vote for it.

Very Respectfully,  
C. O. BARTON.

**OVERDRAFTS**

It is becoming well known by business men that overdrafts, whether large or small, are not approved by the controller of the currency. The large central banks allow overdrafts only in a very small way, and this, it matters not how small, is not approved by the powers that be. This unbusinesslike habit of overdrafts grew out of advancing on moving products, such as cotton, grain and fat stock on the move. The overdraft system is wrong and the man whose account is always overdrawn is the man who spends more money than he makes and will finally have no bank account.

### Some Well Known Appointees.

Among the appointments made in the constitutional convention Thursday we note with particular pleasure that of E. C. Patton, of Tishomingo, to the position of enrolling and engrossing clerk. Mr. Patton was at one time proprietor of the News, and of late has served as private secretary to Governor Johnson of the Chickasaw nation. His appointment is a wise one and almost guarantees an accurate, intelligent record of the convention's activities.

Also it is noted that C. W. Meek was appointed one of the ushers. At one time he ran a restaurant here on West Main street. During the campaign Mr. Meek had charge of the democratic district headquarters at McAlester.

S. O. Daws, well known through prominence in Farmers' Union affairs, was chosen postmaster for the convention.

### A Good Liniment

When you need a good reliable liniment try Chamberlain's Pain Balm. It has no superior for sprains and swellings. A piece of flannel slightly dampened with Pain Balm is superior to a plaster for a lame back or pains in the side or chest. It also relieves rheumatic pains and makes sleep and rest possible. We have a large line of old pants, correct in style and every garment a good value.

### Osler Theory and Women

The Osler theory finds small favor in the department in Washington as far as the women are concerned. Mrs. Eliza Gridley, mother of the man who commanded the Olympia at the battle of Manila, is almost 80 years old, yet she holds a most responsible position in the general land office and knows more about records and land law than any six clerks in the department.

Miss Mason who is nearing the same age is a pillar of strength to seekers for information in the library of war records. She is the daughter of a former minister to France. In the department of justice are women nearing 70 who are prized more highly than the frivolous youth of women who compose the greater working mass in the departments.—K. C. Journal.

Hence I am very anxious that the people know what we have to sell and how cheap we sell it. Bear in mind that it is not the lowest priced goods that are really the cheapest, but it is the best value at the price.
